Re: Federal Agencies' Review of Oregon CZARA

Date: September 30, 2014

Per our earlier commitment to you, below is an update on our review of comments on our earlier proposed action on Oregon's Coastal Nonpoint Program, as well as the development of responses to those comments. Since our report in late July, NOAA and EPA have:

- Held regular meetings for various groups to continue inter-agency discussions on Oregon's program in consideration of the public comments received and the State's response. Issues discussed included: new development, OSDS, forestry-landslides, forestry-pesticides, forestry-riparian, forestry-roads, and agriculture:
 - Topic team (weekly or more frequently): to discuss public comments, state submission, and potential responses to comments and changes needed to proposed decision rationales.
 - Technical team (weekly): to share progress of topic teams, get feedback from full technical team, identify specific legal questions or decision points for legal and management teams, respectively, and ensure coordination among topic teams.
 - Managerial team (monthly through August, weekly during September): to provide programmatic guidance to technical team and weigh in on critical decision points.
 - Legal team (monthly or more frequently): to provide legal guidance to technical and managerial teams.
 - Managerial/Legal/Technical team (monthly through August, weekly during September)
- Continued development of responses to comments and updates to proposed decision rationales:
 - Response to general comments: Drafted summary comments for general aspects of Oregon's Coastal Nonpoint Program and responses.
 - New Development: Updated decision rationale, drafted summary comments, and drafting responses.
 - OSDS: Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-riparian: Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Landslide: Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Roads: Updating decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Pesticides: Updating decision rationale, drafted summary comments, and drafting responses.
 - Agriculture: Drafted summary comments, and drafting responses.

Feel free to contact me via email or at 206-553-1906 or Joelle Gore at joelle.gore@noaa.gov or 301-563-1177 with any questions.

 - Legal team (monthly or more frequently): to provide legal guidance to technical and managerial teams.
 - Managerial/Legal/Technical team (monthly through August, weekly during September)
- Continued development of responses to comments and updates to proposed decision rationales:
 - Response to general comments: Drafted summary comments for general aspects of Oregon's Coastal Nonpoint Program and responses.
 - New Development: Updated decision rationale, drafted summary comments, and drafting responses.
 - OSDS: Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-riparian: Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Landslide: -Updated decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Roads: Updating decision rationale, drafted summary comments, and drafting responses.
 - Forestry-Pesticides: Updating decision rationale, drafted summary comments, and drafting responses.
 - Agriculture: Drafted summary comments, and drafting responses.

Comment [AC1]: Not sure if this is too detailed but providing more specifics on the status of each may help give NWEA assurance that we are making progress and not just haven't a lot of conversations about things.

Formatted

Comment [AC2]: These won't take much time to develop responses to. Don, if you could get done by the end of the month, we could change the verb tense here.

Comment [AC3]: May be able to change the tense of this before the end of the month.

Comment [CJ4]: Requesting input as to whether we want to include this level of detail as a way of providing NWEA assurance that we are making progress or whether to delete this information.

Feel free to contact me via email or at 206-553-1906 or Joelle Gore at joelle.gore@noaa.gov or 301-563-1177 with any questions.
